Automobile Parade Takes Place Today

CARS WILL ASSEMBLE AT
 MAIN AND RIVER
 STREETS 5 P. M.

TICKET SALES
 HAVE REACHED 906

Admission to Alice Neilsen Night
 Not Guaranteed Unless Sea-
 son Tickets Held.

The big Redpath Chautauqua tent will go up tomorrow. It will arrive here tonight. The parade will take place this afternoon at 5 o'clock promptly. Nine hundred six persons have purchased and paid for tickets. The chautauqua is already guaranteed a larger and bigger and better success than last year. The sale of tickets promises to be a record breaker for Anderson. The central chautauqua committee now estimates a sale of not less than 1,200 tickets. This far exceeds last year's sale.

Pitched Tomorrow.
 D. F. Thomas, who will be superintendent of the chautauqua, will arrive in Anderson tonight from Durham. The chautauqua in that city closing tomorrow. He will immediately begin getting things ready to put up the main auditorium tent, which is rain and wind proof, Saturday morning. His specially trained crew will arrive with him.

Auto Decoration.
 Archie L. Todd, grand marshal, and W. D. McLean, W. L. Brissett and E. W. Watson, deputy grand marshals, of the auto parade will meet at the chamber of commerce at 10 o'clock today to begin plans for decorating all the various automobiles which will enter the gala parade. All persons who desire to enter the parade are asked to drive their cars to the chamber of commerce this morning between 9 a. m. and 1 p. m. and H. E. Fay, chautauqua advertising manager, will decorate them free. About fifty automobiles will be in the parade.

Plan of Parade.
 The marshal and deputy marshals

will form the auto decorated chautauqua parade promptly at 5 p. m. at the intersection of south Main and River streets this afternoon. The line of march will cover the entire business district and many sections of the residential districts, as previously outlined in The Intelligencer. Ladies are especially urged to join the parade.

Neilsen Special.
 The central chautauqua committee desires to explain to the public that it cannot guarantee tickets to the Alice Neilsen performance on the last day of chautauqua week, unless season tickets are purchased or arrangements made for same as early as possible. Miss Neilsen will arrive in Anderson in her own special Pullman car, and will give perhaps the finest entertainment ever presented in this city.

Ticket Reservations.
 Those wanting season tickets to the chautauqua at the special reduced price of \$2.00 must purchase them by Saturday night. Every indication now is that Monday morning, the opening day of the chautauqua, the first limit 1,000 tickets will have been greatly oversold, possibly to the extent of 25 per cent. The central chautauqua committee, at a special meeting yesterday afternoon, decided to leave the "bars" down until 6 p. m. Saturday. To be assured of a season ticket at the low price, caution would dictate purchasing before Saturday night. The sale is now practically within sight of 1,000 tickets, a really marvellous sale. It far exceeds last year and is climbing higher and higher. The sale of child's tickets is also good, but there are yet 25 child's tickets which may be purchased at the low price.

Passenger Service.
 As announced in the Herald last week, the passenger service over the B. E. and W. railroad will begin next Sunday, May 2, by the Atlantic Coast Line railway, that railroad having taken over the B. E. and W. under lease. The passenger will arrive from Green Pond about noon and remain in Bamberg about an hour and a half, returning in the afternoon. The exact schedule has not been announced yet.—Bamberg Herald.

BIG SCHOOL PICNIC TO BE HELD SATURDAY

AT DOBBINS BRIDGE ON SEN-
 ECA RIVER—A GOOD
 PROGRAM

BASEBALL GAME

Roberts, Green Pond and Double
 Springs Are the Schools—
 Several Good Speakers.

Much interest is being manifested in the joint picnic of the three schools of Roberts, Green Pond and Double Springs which will be held next Saturday at Dobbins Bridge, on Seneca River. The event will mark the closing of the three institutions for the summer vacation. An interesting program will be carried out, and it is likely that the attendance will be the largest of any picnic that has been held in this section of the country in quite a while.

Gen. M. L. Bonham, Senator J. L. Shepard, S. L. Prince, Esq., and Mr. Fred M. Burnett are among the speakers who have places on the program. It is likely that there will be other speakers and that there will be a number of impromptu talks.

In the afternoon there will be a game of ball between teams representing Roberts and Green Pond schools. All three of these schools have had successful seasons, both in point of attendance throughout the term and the character of work accomplished.

It is probable that a large number of people from the city will attend the picnic, which will be the largest of the season and one of the biggest that will be held anywhere this summer.

BARTON TO REBUILD BIGGER AND BETTER

(CONTINUED FROM PAGE ONE.)

on a larger business than before.

Orders Lumber.
 A few hours after the fire had burned itself out lumber men, who learned in newspapers of Wednesday morning of the conflagration, were in Anderson for the purpose of securing orders from various persons who had been burned out. Mr. Barton received a large number of telephone calls, telegrams and personal calls from large wholesale lumber dealers and manufacturers as early after the fire as Wednesday who were anxious to serve him. During the day Mr. Barton placed orders for over 300,000 feet of building material. This will arrive in a few days and he will then be ready to serve the public. Mr. Barton, of course, has on hand a large quantity of building material which was not damaged by the fire, but the big blaze depleted his stock in some lines.

Grateful for Assistance.
 Mr. Barton is deeply grateful to the firemen and those citizens who did such noble and effective work in saving his lumber mill and the large warehouse just across the street from this plant. He carries no insurance on the mill, and had this been wiped out by the flames his loss would have been all but disastrous. Besides, the burning of the mill probably would have meant the wiping out of a large portion of the business and residential section of the city, as it was generally conceded that had the fire crossed Orr street it would have kept going toward the heart of the business section of the city.

Jitney Bus Men Lose in Texas.
 Austin, Texas, May 6.—The constitutionality of the Fort Worth ordinance regulating the operation of jitney buses was upheld today by the court of criminal appeals in a test case. The decision affects all cities of the State. The court ruled that the \$10 assessed against each operator of a jitney was not an occupation tax, but merely a license fee.

"HOOSIER" SALE AT PEOPLES FURNITURE CO.

Third Annual Sale of These Popular Cabinets Starts Tomorrow Morning.

Tomorrow morning the Peoples New Furniture Co. start a great big sale of the World Famous "Hoosier" Kitchen Cabinets. See the beautiful Show Window display on exhibit there now.

This is the third year these people have handled this Kitchen Cabinet; the first year they sold six cabinets; last year they sold fifty-eight, and this year is that they will far exceed last year with a big margin to spare.

The Peoples New Furniture company are putting these Kitchen Cabinets out of the club plan of a Dollar Down and a Dollar Every Now and Then, which makes it very convenient for most every one to buy this wonderful convenient article of household convenience.

There are 800,000 women who own the Hoosier Cabinets. They were all sold on the "Your money back if you are not delighted with it" guarantee; and the manufacturers say that up until now, not a single woman has applied for her money back. That's some record.

The sales of this wonderful piece of kitchen furniture that does everything but do the actual cooking have reached such giant proportions that it is said that \$50,000 worth of them are sold every week.

See the ads in this issue and the subsequent issues of the next week or ten days. Here are some of the main points claimed for the Hoosier Cabinet: It saves steps, it saves time, it saves energy, it saves health, it saves backsaches, it saves supplies, it saves health, it saves work, and it saves money. If all these things are true the price doesn't matter much. Stop by and let Mr. Hurd or Mr. Heckley tell you about the many, many merits of this Cabinet.

of the accession of King George to the throne.

Constantinople, May 6.—The official Turkish statement, regarding the Dardanelles' operations says that the enemy's unfavorable situation there remains unchanged.

The Athens reports regarding the occupation of Gallipoli and Nagara by the landing forces, are not true. The Gallipoli peninsula is entirely at the Turkish disposal for military movements.

The enemy holds only two coast points. These are Seddul Bahr and Arburau. These were won by the constant firing of the allied ships.

The enemy is unable to move again. The encircling Turkish and Asiatic coasts are freed from enemies.
